

# PARTH PRAJAPATI

F L U T T E R   D E V E L O P E R

## PROFILE

I'm a Flutter and Backend Developer who enjoys building apps from start to finish. On the frontend, I focus on creating clean, responsive, and user-friendly mobile experiences with Flutter and Dart. On the backend, I use Node.js to build scalable APIs, manage databases, and keep things running fast and secure. I like taking ideas and turning them into real, working applications—whether that means designing intuitive UIs, connecting complex APIs, or handling data flows. I work well on my own but also enjoy collaborating with a team, and my goal is always to deliver solutions that are reliable, efficient, and great to use.

## PROFESSIONAL EXPERIENCE

### Freelance Flutter & Backend Developer

Decoration Management App | June 2025 – August 2025

- Developed a multi-role event decoration app using Flutter, Node.js, and PostgreSQL
- Built features for event listings, design images, decoration details, and cost tracking
- Designed and implemented an advanced inventory management system to track tools and item availability
- Responsible for both frontend development (Flutter & Dart) and backend development (Node.js APIs, database design, and server-side logic)

### Freelance Flutter Developer

Tuition Management App | April 2025 – June 2025

- Built a multi-role tuition management app with role-based access for Admins, Teachers, and Students
- Implemented core features including attendance tracking, material sharing, and test management
- Added an advanced security feature to prevent users from taking screenshots or recording videos inside the app
- Designed and developed the mobile interface using Flutter and Dart, ensuring a clean, responsive, and user-friendly experience

## CERTIFICATIONS

- Flutter Dart - The Complete Guide [2025 Edition] – Udemy
- Flutter Development Bootcamp – Udemy
- Certificate of Participation, AWS Students
- Community Day – CHARUSAT

## EDUCATION

### Charotar University of Science and Technology (CHARUSAT)

Master of Computer Applications (MCA) | 2024 – 2026  
Current CGPA: 7.75/10

### Sardar Patel University

Bachelor of Computer Applications (BCA) | 2021 – 2024  
CGPA: 8.61/10

## SKILLS

- Programming Languages : C, C++, Java, Python, JavaScript, Dart
- Frontend : Flutter, HTML5, CSS3, Bootstrap
- Backend : Node.js, Supabase, Django
- Databases : PostgreSQL, MySQL, MongoDB
- Tools & APIs : Git, Firebase, Postman, Google Maps API, Geolocation, Real-time Notifications

## AREAS OF EXPERTISE

- Full-Stack Web & Mobile Application Development
- REST API Design & Integration
- Database Management (PostgreSQL, MySQL, MongoDB)
- Modern UI/UX Development with Flutter
- Geolocation, Maps & Real-Time Notification Systems
- Firebase Integration (Authentication, Firestore, Cloud Messaging, Realtime Database)
